

Project Design Phase-II
Solution Requirements (Functional & Non-functional)

Date	18 June 2026
Team ID	Individual project
Project Name	Complaint Ease : Online Registration and Management System.
Maximum Marks	4 Marks

FUNCTIONAL REQUIREMENTS:

Following are the functional requirements of the proposed solution.

FR No.	Functional Requirement (Epic)	Sub Requirement (Story / Sub-Task)
FR-1	User Registration	Registration through signup form
		Registration using Email ID
		User profile creation
FR-2	User Login & Authentication	Login using email and password
		Forgot password recovery
		User authentication validation
FR-3	Complaint Registration	Submit complaint through online form
		Upload complaint description/details
		Select complaint category (electricity, water, hostel, etc.)
FR-4	Complaint Tracking	Track complaint status in real time
		Receive complaint ID after submission
		View complaint history
FR-5	Complaint Management	Admin views all complaints
		Assign complaint to concerned department
		Update complaint resolution status
FR-6	Notification System	Notify users about complaint updates
		Status update alerts after resolution

NON-FUNCTIONAL REQUIREMENTS:

Following are the non-functional requirements of the proposed solution.

NFR No.	Non-Functional Requirement	Description
NFR-1	Usability	System should have a simple and user-friendly interface
NFR-2	Security	User data and complaint information should be securely stored
NFR-3	Reliability	System should consistently register and manage complaints without errors
NFR-4	Performance	Complaint submission and status updates should happen quickly
NFR-5	Availability	System should be accessible anytime through web application
NFR-6	Scalability	System should handle increasing number of users and complaints efficiently
